2. Whether the figures have been audited, or reviewed and in accordance with which auditing standard or practice.

The figures as shown in the announcement have not been audited nor reviewed by the Company's auditor.

3. Where the figures have been audited or reviewed, the auditors' report (including any qualifications or emphasis of a matter).

Not applicable.

4. Whether the same accounting policies and methods of computation as in the issuer's most recently audited annual financial statements have been applied.

These financial statements have been prepared based on accounting policies and methods of computation consistent with those adopted in the most recently audited annual financial statements, except for accounting of associated companies as set out on Page 1 and those as disclosed under paragraph 5.

5. If there are any changes in the accounting policies and methods of computation, including any required by an accounting standard, what has changed, as well as the reasons for, and the effect of, the change.

On 1 January 2009, the Group adopted the new or revised Singapore Financial Standards (FRS) that are effective in this financial year.

FRS1(R) - Presentation of Financial Statements

FRS 1(R) requires all changes in equity arising from transactions with owners in their capacity as owners to be presented separately from components of comprehensive income. Components of comprehensive income are presented in a separate statement of comprehensive income.

As a result of the adoption of FRS 1(R), the statement of recognised income and expense is not required to be presented as it will be replaced by the statement of comprehensive income. A statement of changes in equity, showing all changes in equity including capitalisation issues and distributions to shareholders, will be presented.

Comparatives for 2008 have been presented to conform to the requirements of the revised standard.

The adoption of the above FRS did not result in any substantial change to the Group's accounting policy nor any significant impact on the financial statements.

2nd quarter ended 30 June 2009

Profit from operations decreased by 8.4% to \$42.0m mainly due to lower investment income. Revenue for 2Q2009 was 2.8% higher, contributed by healthcare and property divisions, partially offset by lower revenue from leisure division.

Healthcare had 2.5% higher sales compared to last year. The higher sales, together with lower operating expenses, resulted in 8.6% higher profits in 2Q2008. Despite a 5.3% decline in revenue, profitability of leisure division remains almost on par with 2Q2008 with lower operating expenses. Property division reported 23.1% and 26.7% higher sales and profits respectively as compared to 2Q2008.

6 months ended 30 June 2009

Revenue for the Group increased by 5.5% to \$59.0m as compared to the same period last year. This was attributable to increases in the Healthcare and Property divisions, partially offset by a drop in sales of 8.0% in Leisure division. Excluding the one-off gain on disposal of Setron Building in 2008, profits from operations decreased by 2.8% from \$53.2m to \$51.7m due to lower investment income, partially offset by lower operating expenses. The share of profit from associates will be updated when the Hong Kong listed associate's results become available.

Healthcare division reported a 30.7% increase in profits over the preceding year. This was the result of higher revenue driven by intensified marketing efforts coupled with savings from lower operating expenses. Amidst the weak tourism climate, Leisure reported a 7.6% decrease in profits as compared with last year reflecting a decline in visitorship. Excluding the one-off \$2.4m gain on disposal of Setron Building in 2008, the Property division saw a 31.3% increase in profit contribution mainly due to higher occupancy and rental rates.

Net asset per share increased from \$6.69 to \$7.85 mainly due to the increase in fair value of available for sale financial assets.

9. Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results.

No forecast or prospect statement was made previously in respect of 2Q 2009 results.

10. A commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.

The Group continues to face challenges from the uncertain outlook of the economies of the countries in which we operate and the possible repercussions from the effects of influenza A, Type H1N1, becoming virulent. The Group will monitor the situation closely.
